

## M Gmail

Gmail offers businesses personalized email addresses like [jsmith@yourdomain.com](mailto:jsmith@yourdomain.com). Gmail comes with helpful features to make email more useful, like award-winning spam and virus filtering, up to 25 GB of storage per account, powerful search to find messages as fast as you can search the web, and instant messaging built right in. The Gmail web application is accessible from anywhere, and you can even sign in from your mobile phone. Or if you prefer, you can access email from your favorite mail client like Outlook or Thunderbird using POP or IMAP.

**Search Mail/Search Web** Quickly access the information in your email and on the web

**Settings** Change settings, such as your reply-to address

**Archive** Archived conversations are searchable and easily accessible in 'All Mail'

**Create a filter** Set filters for messages to bypass the inbox or be automatically labeled or trashed

**Help** Access help information or the Gmail support team

**Starred** Identify important messages by starring them

**All Mail** The holding place for all the messages you've sent or received, but not deleted

**Spam** Email that has been marked as spam

**Quick Contacts** The people you email most often show up automatically. Customize this area to email and IM the friends you want with just one click

**Labels** Identify conversations with one or more labels instead of filing them in folders

## Quick Facts

### Custom email addresses

Your accounts use your own domain name, like [jsmith@example.com](mailto:jsmith@example.com).

### Ample mail storage

Google Apps Premier Edition users get 25 gigabytes of storage.

### Powerful mail search tools

With Gmail, the power of Google search is available for your inbox. Find saved messages instantly, even if you don't keep your mail organized.

### Integrated calendar features

Gmail recognizes meeting requests and invitations, and helps you RSVP without ever leaving your inbox.

### Virus, spam and phishing protection

Gmail uses powerful technology to effectively block viruses, filter spam and alert you when you receive phishing messages. These features help provide a safer email experience.

### IMAP, POP and mail forwarding

Download messages from Gmail to applications like Outlook, or POP messages from another email address into your Gmail inbox. With IMAP, any actions (marking as read, replying, archiving) you take using your desktop client or mobile device will propagate immediately and automatically to Gmail. Email forwarding gives you more flexibility by letting you check your mail from another email account.

### Mobile access

Install the Gmail mobile application onto your BlackBerry® smartphone for fast access to your email account when you're on-the-go. Just browse to <http://m.google.com/a> from your BlackBerry® smartphone to download the application. If you don't have a BlackBerry® smartphone, you can access a streamlined version of the Gmail web interface from your phone, built especially for mobile devices.

### 99.9% uptime guarantee

With Google Apps Premier Edition, Gmail is guaranteed to be available at least 99.9% of the time, ensuring that users have access when they need it.

## Who is Agosto?

We're one of the nation's oldest, most progressive and fastest-growing cloud and Google Apps consulting firms. An early member in the Google Apps resource network, we're also singled-out by MSP-mentor 100, a distinguished research report that identifies the world's most progressive managed service providers.

We served on Google's Customer Advisory Board in 2008 and joined its Partner Advisory Board in 2009. As one of only 12 partners to sit on the Board, we're one step ahead of nearly any other Google Apps integration company.
